## WELCOME TO THE RELAIS CULTUREL - THÉÂTRE DE HAGUENAU !

We are pleased to welcome you to our Theatre.  
We attach great importance to the quality of your stay with us.  
To that end, you will find in this welcome booklet all the information that could be useful to your visit : team contacts, emergency numbers, maps, good addresses and other local and practical informations !

### SOME HISTORY

Built in 1847, the Théâtre de Haguenau was renovated in 2005. Result of a perfect osmosis between baroque spirit and modernity, our Italian Theatre can accomodate up to 400 spectators.

Directed by Eric Wolff since 2013, the Relais culturel develops a demanding and multi-disciplinary program. Committed to support creation, the theatre supports and welcomes in residency compagnies and co-produces spectacles.

As being open to all audiences is an important aim, the Relais culturel implements projects of cultural mediation and artistic education in association with socio-cultural centers of popular districts, and is part of the "Tôt ou T'Art" network. Likewise, it is keen to reach out to young people. Besides the measures of the Culture pass and the Culture card, the Relais carries with "La

Tête dans les Étoiles" which means «Head in the stars», a season dedicated to young audiences on the whole territory of the Agglomeration Community of Haguenau in collaboration with the other venues like the "K'Artonnerie" of the city of Schweighouse-sur-Moder, the "Scène Val-de-Moder", the "Mac" of the city of Bischwiller, and the city of Brumath.

Wanting to mark its presence in the public space and to create links with the inhabitants, the Relais culturel organizes the "Humour des Notes" festival, a key moment dedicated to the street arts and to offbeat musical proposals.

The Relais culturel belongs to several professional networks such as the "Chânon Manquant", the Farest", and works in collaboration with the Cultural Agency of the Grand Est.
